CLASS 1 .- Clock Clocking. CLASS 2 - Flannel Clothing CLASS 3 .- Lines Clothing CLASS 6 .- Sheding, Duck, and Nankin

rejected; and each balle of about 300 yards must average 18 ounces per yard.

The satinct must be American manufactured, 27 inches wide inside of fist, which list must consist of not less than 12 white weolien threads on each edge of the cloth, woven in the whole length of the piece, must weigh not less that 9½ ounces per yard, to contain in each piece about 28 yards; the warp must be cotton, pure indigo blue, yarn-dyed, and the filling wool, pure indigo blue, wool-dyed. Each lake of 400 yards shall average nine and a half ounces to the yard, and no piece shall be below 9½ ounces to the yard. The pilot-cloth, broadcloth, and satinct of which garments are made, shall be well sponged before made up.

sainct of which garments are made, shad be wen sponges score made up.

The flannel most be all wool, American manufactured, wool-dyed, pure indigo-bine, and twill-d; must be in pieces of about 50 yards in length, 27 inches wide, weighing 5 ounces per yard, with a list on each odge of 4 white woolien threats woven in the whole length of the piece. To be packed in bales of 10 pieces, the pieces to be rolled separately sidion! cloth boards; each bale to contain 500 yards and 1504; pounds flannel. No piece to have a less average weight than 4-10 ounces per yard.

The overshirts, undershirts, drawers, and jumpers must be made of thannel like the above.

the contractor, contents, and the year when made, marked on each pex.

The calf-skin and the kip-skin shoes to be packed in separate boxes. The woollen socks must be woven or knit, indigo mixed, ribbed, all wood, and of American mannafacture. No. 1, leg 13 inches, foot 10 inches; ten dozen shall average three pounds, and no one pair shall be less than three and a half ounces. No. 2, leg 12 inches, foot 10 inches; ten dozen shall average two pounds twelve ounces, and no one pair shall be less than three and one-quarter ounces. The socks shall be well scoured, and in color and quality fully equal to sample. The mattresses must weigh ten pounds, including ticking, which is to be cut 6 feet in length and 31 inches wide. The covers must measure 71 inches in length and 29 inches in width. The hair, ticking, and covers must conform to samples.

I inches in length and 29 inches in width. The hair, ticking, and as must conform to sample.

I must be the best blue American nankin, 26 inches wide, are 5 threads by four threads to the 16th of an inch, dyed with Bengal indige.

I blankets must weigh six pounds per pair, and measure 58 belies each. A bale of 50 pairs must weigh 360 pounds, and so shall weigh less than 5 pounds 13 ounces. They must be of rican manufacture, made of clean wool, and each blanket must arked 40. S. Navy.

I black silk handkerchiefs must be 31½ by 31½ inches, and one onnee and 12 grains Troy; texture 14 by 23 to one-eighth inch.

weigh one ounce and 12 grains Troy; texture 14 by 25 to one-cighth of an inch.

A schedule of the three sizes for each 100 pieces of made-up clothing with be found with the samples at the respective yards; and all the above articles, including the necessary buttons, rings, &c., are to be fully equal in the quality, texture, color, weight, and finish of material, and conform in pattorn, sizes, and workmasship to said samples. The number or quantity which will be required of each of the foregoing articles cannot be precisely stated. It will not be less, however, than the quantity specified in the foregoing list. The contracts will, therefore, be made for the quantity of each article as specified, and for such further quantity as the bureau may require. The price must be subject to such inspection at the place of delivery as the chief of this bureau may direct; and no article will be received that is not fully equal to the sample in every respect, and which does not conform to the atiquations and provisions of the contract to be made.

The whole must be delivered at the risk and expense of the contractor. Each box and bale to be marked with the contractor's name. The inspecting off-pers to be appointed by the Navy Department.

The offers must distinguish the prices for each article mentioned in

offers must distinguish the prices for each article mentioned in ver every expense attending the e necessary buttons.

hay to require the contract, the record of a requirement, as a represent in the contract, the record of a requirement, or at either of popular the navy paris a foresaid, shall be evidence that such requisition has been made and received.

Two or more approved sureties, in a sum equal to the estimated amount of the respective contracts, will be required, and twenty per centum will be withheld from the amount of all payments on account thereof as collateral security, and not in any event to be paid until it is in all respects complied with; and eighty per centum of the amount of all deliveries made will be paid by the navy agent within thirty dave after triplicate bills, duly authenticated, shall have been pre-

is in all respects compiled with, and eighty her centum of the amount of all deliveries made will be paid by the navy agent within third always after triplicate bith, duly authenticated, shall have been prescuted to him.

Bidders whose proposals shall be accepted (and none others) will be forthwith nothled, and as early as practicable a contract will be transmitted to them for execution, which contract must be returned to the bureau within five days, exclusive of the time required for the regular transmission of the mail.

A record, or duplicate of the letter informing a bidder of the acceptance of his proposal, will be deemed a notification thereof within the meaning of the act of 1846, and his bid will be made and accepted in conformity with this understanding.

Every offer made must be accompanied (as directed in the act of Congress making appropriations for the naval service for 1846-47, approved 10th August, 1846) by a written guarantee, signed by one more more responsible persona, to the effect that he or they undertake that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within five days, with good and sufficient surveles, to furnish the aupplies proposed. The bureau will not be obligated to consider any proposal unless accompanied by the guarantee required by ine, the competency of the guarantee to be certified by the navy agent, district attorney, or the collector of the customs.

Hims forms of proposals may be ideased on application to the savy agent, district attorney, or the collector of the customs.

The stiention of bidders is called to the samples and description of articles required, as, in the inspection before reception, a fuch of including the made between the articles of position in the sample and description of the add of the 10th August, 1849.

By the act approved June 17, 1844, the Secretary of the Senaic is adjrected to confine his purchases exclusively to articles of the growth and manufacture of the United States, provided the same can be procured of such growth and manufacture of entitle quality, and at reasonable prices, upon as good terms as to quality and price as can be obtained of foreign growth and manufacture. A preference will therefore be given to the productions of American industry; and all persons making proposals to supply any article will state whether the same is of the growth and manufacture of the United States.

The articles must be delivered at the office of the Secretary of the

Senate at Washington, free of any charge for carriage, on or before the 10th of September next. 10th of September next.

Recy article must be of the very but quality, unless an inferior article is of the estimated that the country of the country of the comments of the country of the comments of the country of the continuous of the country o

Every article smal be of the very best quality, unless an infector article is collist for.

B is estimated that the quantities above mentioned will be required for the first session; but the right is reserved to the Secretary to order, upon giving reasonable notice, any additional quantities during that session, or for any subsequent session of the Thirty-fifth Congress.

A sufficient specimen of each article proposed for (of paper half a quire, and of envelopes 25) is to accompany the proposal, and to be marked with the name of the proposer and the price of the article, and of paper the weight per ream. The which of each article specified in the foregoing left will be deemed a class; and the person offering to furnish any such class at the lowest price (quality considered) will receive a contract for the same on executing a bond, with two or more surelies satisfactory to the Secretary of the Senate, for the performance thereof, under a forfeiture of twice the contract price in case of failure, which bond is to be filed in the office of the said Secretary within ten days after the proposals have been accepted.

If any article contracted for should not be delivered within the time sipulated, or should be inferior in any respect to the sample, the bond of the contractor will be put in suit.

Proposals and speciment must be delivered at the affice of the Senate.

W. S. WOOTSIDE, Master of Transportation Mount Washington Female College, the near faltimore,—The summer session of this flourishing in stitution, located at Mount Washington, six miles out on the Northern Central ruilread, and chartered by the Maryland legislature, will open on the first Wednesday in May, 1817, with a full faculty of experienced instructors, consisting of five gentlemen and several lader. This college is all that could well be desired for the purposes of a finished female education. No pains or expenses have been spared to make it what no opin to be in all respects. The locality is highly salutificans and picturesque, and has been selected as one of the more desirable in the State. The shady and beautiful grounds afford ample scope for pleasant walks and headiful recreation. The building is a large, imposing brick edifice, (crecked expressly) far a first class formal coolege,) thoroughly ventilated, lighted with gas, handsomely furnalized, water supplied to each story, and has seconomodistice for about 140 boarders. The catabileliment is very complete, costing for seasons and the seasons of t

UNITED STATES NAVAL COURT OF INQUISIT.
Washington, February 20, 1857 THE judge advocate gives notice, for the information of parties coming before the court under the lat section of
the act of January 16, 1857, that they will respectively be advised by
the department when their cases shall have been referred to be
court; and that it is desirable that in presenting themselves fley
should come prepared with a list of such witnesses as they may for
sire to have assumemed, specifying to which of the respective heads
of "fitness for the mayal service" mentioned is the act their best
mony is to be applied respectively; and suggesting the delay, if say,
which may be required; and in respect of what witnesses.

J. M. CARLELLE, Judge advocate.

IMPORTANT TO COTTON PLANTERS, by which their incomes must be deathed.—The undersigned has invented and obtained letters patent from the United States for the arrangement and containation of machinery for converting seed coates into yarms by one continuous process, from the gin through the virtues preparation and spinning machinery, until it is ready for abliquent or weaving.

The saving from waste by this process will be at least two per cent, and yarm made from the fibre quality for the process used to open and decentaging it will be about fifty per cent, stronger and heavier, and will command the markets of the world, distancing all competition at advanced prices.

The undersigned is prepared to dispose of privileges to use his patent, and planters will be informed as to terms, with complete instructions have to the coates of the process of the machinery, and all other necessary particulars, on application undersessed to Dee 8—23 wifer
